How risky is it?

The value of the fund can go down as well as up. You could lose money. One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

Empire Life Investments Inc. has rated the volatility of this fund as **low**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What are the Risks of Investing in the Fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the money you invest.

How has the Fund performed?

This section tells you how series F units of the Fund have performed over the past 7 years. Returns are after expenses have been deducted. These expenses reduce the series' returns.

Year-by-year returns

This chart shows how series F units of the Fund performed in each of the past 7 years. The Fund dropped in value in 1 of the 7 years. The range of returns and change from year to year can help you assess how risky the Fund has been in the past. It does not tell you how the Fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for series F units of the Fund in a 3-month period over the past 7 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	7.9%	June 30, 2020	Your investment would rise to \$1,079
Worst return	-7.8%	March 31, 2020	Your investment would drop to \$922

Average return

A person who invested \$1,000 in series F units of the Fund on the inception date now has \$1,456.34. This works out to an annual compound return of 4.8%.

Who is the Fund for?

Investors who:

- Seek long-term capital growth with reduced volatility through a diversified portfolio of fixed income and equity securities; and
- Are willing to accept a low level of risk.

A word about tax

In general, you will have to pay tax on any money you make on a fund including your share of the fund's earnings and on taxable capital gains from redeeming your investment. How much tax you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan and the type of earnings of the fund (e.g. interest, dividends, capital gains, etc.). In general, you do not pay tax on your investments while held in a Registered Retirement Savings Plan, Tax-Free Savings Account or other registered plan. If you hold your investment outside of a registered plan, you will receive a tax slip showing your share of the fund's earnings. You must include the amounts shown in your income whether you receive them in cash or have them reinvested. You must calculate your taxable capital gains from a redemption.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series F units of the Fund. The fees and expenses—including any commissions—can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another.

Ask about other funds, series, and investments that may be suitable for you at a lower cost.

1. Sales charges

This series is available to investors who have a fee-based account with their representative's firm and whose representative's firm has signed an agreement with Empire Life Investments Inc. and other investors where Empire Life Investments Inc. does not pay a trailing commission to the dealer. There are no sales charges or commissions payable to your representative's firm for this series. However, you may pay a fee to your representative's firm for investment advice and other services.

Fund expenses	1.13%

More about the trailing commission

No trailing commission is paid in respect of Series F.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

Fee	What you pay
Short-term trading fees	Up to 2% of the value of the units redeemed or switched if you redeem or switch your units within 30 days of buying them. This fee is payable to the Fund.
Switch fees	Your firm may charge you up to 2% of the value of the units switched, as negotiated between you and your firm.
Investment Advisory Fee	There are no sales charges or commissions payable to your representative's firm for this series. However, you may pay a fee to your representative's firm for investment advice and other services.
Insufficient funds fee	You may be charged a fee of \$25 plus applicable taxes for each payment not honoured by your financial institution.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund securities within two business days after you receive a simplified prospectus or Fund Facts, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts, annual information form or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
